20 **BY THE COMMISSION:**

21 * * * * *

22 Having considered the entire record herein and being fully advised in the premises, the
23 Commission finds, concludes, and orders that:

24 **FINDINGS OF FACT**

25 1. In Decision No. 63928 (August 6, 2001), the Arizona Corporation Commission
26 ("Commission") granted Looking Glass Networks, Inc. ("LGN" or "Applicant") a Certificate of
27 Convenience and Necessity ("Certificate") to provide facilities-based and resold local exchange and
28 facilities-based interexchange telecommunications service in Maricopa County, Arizona.

29 2. On June 20, 2006, LGN filed an application for cancellation of its Certificate. The
30 application stated that LNG has no customers, has never provided any services pursuant to the
31 Certificate and has never collected any advances, deposits, or prepayments.

32 3. On October 3, 2006, Applicant filed an Affidavit of Publication.

33 4. On February 13, 2007, Staff filed its Staff Report in this matter recommending
34 approval of Applicant's request to cancel its Certificate.

5. Staff indicated that Applicant never provided telecommunication services as authorized in Decision No. 63928, and never collected advances, deposits or prepayments. Staff noted that upon cancellation of its Certificate, LGN will no longer be subject to the requirements of Decision No. 63928 and will no longer be required to file an annual report. Staff further recommended cancellation of LGN's tariffs on file with the Commission.

6. No Arizona customers will be affected by the requested cancellation.

7. Staff's recommendations are reasonable and should be adopted.

CONCLUSIONS OF LAW

1. Applicant is a public service corporation within the meaning of Article XV of the Arizona Constitution and A.R.S. §§ 40-281 and 40-282.

2. A.A.C. R14-2-1107 applies to any telecommunications company providing competitive service that intends to discontinue service or to abandon all or a portion of its service area.

3. The Commission has jurisdiction over Applicant and the subject matter of the application.
